

The programme of the scientific session
„Biology of behaviour of the domestic dog”
Warsaw, 14th May 2018

organized by Anna Gadomska and Katarzyna Patej („Z PSEM W PEŁNI”),
Polish Ethological Society and Nencki Institute of Experimental Biology PAS
(as a part of the celebrations of the 100th anniversary of the Nencki Institute)

9.00 - 9. 40. **Dr. Simon Gadbois** (*Canid and Reptile Behaviour and Olfaction Laboratory, Department of Psychology and Neuroscience, Life Sciences Centre, Dalhousie University, Halifax, Canada*) „Integrating sensory neuroscience, ethology and psychophysics for a better science of scent processing by canines”

9.40 - 10. 20. **Prof. Ewa Joanna Godzińska** (*Laboratory of Ethology, Nencki Institute of Experimental Biology of the Polish Academy of Sciences, Warsaw, Poland*) „Behaviour of the domestic dog and its proximate causation: some achievements of the classical neurobiological and ethological research carried out at the Nencki Institute of Experimental Biology”

10.20 - 11.00. **Prof. Tadeusz Jezierski** (*Department of Animal Behaviour, Institute of Genetics and Animal Breeding of the Polish Academy of Sciences, Jastrzębiec, Poland*) „Scent lineup as scent identification method using trained canines”

11.00 - 11.30: break

11.30 - 12.10. **Michał Dzięcioł, DVM** (*Department of Reproduction and Clinic of Farm Animals, Faculty of Veterinary Medicine, Wrocław University of Environmental and Life Sciences, Wrocław, Poland*) „Chosen aspects of dog semiochemical communication”

12.10 - 12.50. **Dr. Anna Reinholz** (*Department of Animal Psychology, Faculty of Psychology, University of Warsaw, Warsaw, Poland*) „Lateralization of processing of auditory stimuli in domestic dog during the orientation reaction”

12.50 - 13.30. **Dr. Katarzyna Fiszdon** (*Department of Genetics and Animal Breeding, Faculty of Animal Sciences, Warsaw University of Life Sciences - SGGW, Warsaw, Poland*) „The influence of environmental factors on the work efficiency of service dogs”

13.30 - 14.00. **Dr. Simon Gadbois** (*Canid and Reptile Behaviour and Olfaction Laboratory, Department of Psychology and Neuroscience, Life Sciences Centre, Dalhousie University, Halifax, Canada*): General discussion and concluding remarks
